Coffman Engineers

Chris Myers
DBIA-SE Carolinas Chapter Chair
T.A. Loving

Nate Tillman
DBIA-SE Membership Chair
Gordian

Charlie Rocheleau
DBIA-SE University Relations Chair
Haskell

CALL FOR PRESENTATIONS

Your Project. Your Story. Your Contribution to Design Build.

You know Design-Build is all about teamwork. Most of us even have a story we love to tell our clients or city council members about how Design-Build principles made all the difference on a successful project or projects.

Your team (the members of DBIA Southeast) would all like to hear those stories too!

DBIA's [2025 Southeast Regional Summit & Awards Banquet](#) will be held April 28-30, 2025 in Asheville, NC and we're looking for our teammates to share their stories, case studies, and best practices with not only the Engineering, Contracting, and Supplier Leaders of our industry, but with Owners across the Southeast who are coming together — in one big room, for one big day — to see how DB works (and if Design Build might be right for them). Here's your chance to make a bigger impact and translate that Success to Significance.

If you have a success story or project experience that highlights the ups (or downs) of Design-Build project delivery, lessons learned, managing risk and expectations, collaboration/teaming or making that essential mental shift toward collaboration - your team needs you.

Read our submission guidelines on the following page and then submit your presentation proposal for the 2025 DBIA Southeast Regional Summit.
